# Features

Steel & Fiberglass

Fiberglass

Fiberglass entry doors offer the most advanced, highest quality fiberglass available on the market.

- 1 **Strong, rigid polyurethane** foam core.
- 2 **Fiberglass reinforced skins** are resistant to dents, splintering, and corrosion.
- 3 **Engineered Composite Bottom Rail** prevents moisture from seeping into the door.
- 4 **Auto-adjusting threshold** forms tight seal.
- 5 **High Performance Weather Stripping** further strengthens and weather-proofs entry door.

Steel

Steel construction offers strength and durability to your home. Choose steel and give your family the comfort of the best security rating in the industry.

- 1 **Strong, rigid polyurethane** foam core.
- 2 **Weather strip** forms tight seal.
- 3 **Auto-adjusting threshold** prevents drafts.
- 4 **Steel construction of both inner and outer sheets** offer strength and durability.
- 5 **Adjustable hinge plate system** ensures proper alignment and seal.

100% maintenance free, saving you time and money.

Timberline  
Textured Fiberglass

# Features

Steel & Fiberglass

## DURA-FRAME™ JAMB

- Alaskan Yellow Cypress at the bottom of the jamb to resist rot and insects
- One-piece design, up to 12" depth, with no unsightly jamb extensions
- Limited lifetime warranty

## BALL-BEARING HINGES

- Reduces door squeak and eliminates grinding dust (black powder)
- **Nine available finishes:**  
Matte Black, Dull Chrome, Bright Chrome, Colonial Bronze, Satin Nickel, Antique Nickel, Antique Brass, Satin Brass, and Bright Brass

## CONTINUOUS SILL

Creates a stronger system and reduces opportunity for air and water infiltration on sidelite units.

## ONE PIECE MULLPOST

Adds strength and ensures your entrance system is storm door ready.

## T-NUTS

T-nuts are used on all wood jambs to prevent hinge screws from stripping.

### ADJUSTABLE HINGE PLATE

- Allows the door to be adjusted up and down, in and out within the frame
- Adjustment allows for a tight fit against the weatherstrip and threshold
- Available in many door series and styles

### AUTO-ADJUSTING SILL

- Z-Articulating Cap Sill® delivers constant protection against leaks, drafts and insects
- Stands up to wind and water
- No rotting, warping or deterioration over time
- Champagne sill standard, with optional Bronze or Mill finish

STEEL-EDGE DOORS

Timbergrain doors have 4" of engineered lumber on both the hinge and latch edges to keep the door straight and tight against the weatherstripping.

Polyurethane foam core fills every void to protect from heat loss or gain – five times more efficient than a wood door.

Steel-edge ensures a door will not rot, bow or warp, even under extreme conditions.

TIMBERGRAIN FIBERGLASS DOORS

# Door Series

Steel

## CAMBRIDGE • Smooth Steel

Cambridge smooth steel doors are designed for strength, security, and durability. This premium, insulated door system is constructed with a full steel-edge perimeter that offers additional strength and the industry's highest security rating. Available in 45 paint colors and custom paint colors.

## NORWOOD • Textured Steel

The warmth of wood meets the strength of steel with the Norwood series. These textured steel doors are constructed with a deeply embossed Oak grain surface. Available in 11 woodgrain finishes, 45 paint colors, and custom paint colors.

Steel reinforced strike plate in jamb offers superior strength.

**TRUGRAIN™ • Woodgrain Steel**

Trugrain doors combine the natural, timeless look of wood with the strength of steel. These doors are constructed of 22-gauge steel with a scratch resistant coating that replicates a realistic wood appearance. Available in Ludington, Holland, Rockport, Brimley.

### Trilennium® Multi-Point Locking System

#### Reliable Security

Operating as one, all three bolts engage when the door is closed. One movement of the thumb turn or key activates all three deadbolts. When activated, each bolt becomes a deadbolt that cannot be compromised.

#### Peace of Mind

Delivers the strength of one solid locking unit combined with the protection of three deadbolts.

#### Panic Release

A single downward turn of the interior handle releases all three of the deadbolts.

#### Forgiving When Installed

You can't control the rough opening, or what happens over time, Trilennium can correct door misalignment up to 3/16", so it works when others don't.

# Door Options

Stain

## STAIN FINISHES

Woodgrain doors are the perfect solution for achieving the richness and beauty of wood without the maintenance. The richness of wood helps to create a stunning first impression and instant curb appeal. Colors are available on wood textured door series: Norwood Steel, Timberline Fiberglass, and Timbergrain Fiberglass.

NOTE: Colors shown are as accurate as printing technologies allow. Stain swatches shown on Timbergrain Fiberglass in Cherry.
